Abstract

This LaTeX sample file is an example of the short/extended abstract to be submitted to the SURVISHNO Conference 2025 which will be held on May 21-23, 2025 at ISAE-SUPMECA, Saint Ouen, France. Template files for LaTeX and MS Word are available at the conference website. A digital version of your short/extended abstract should be submitted online on the Submission section of the conference website before January, 10th 2025. To facilitate preparation of your final camera-ready manuscript, we provide two template files. The first one (.doc) is intended to MS Word users, while the second one is a package for LaTeX adepts. The supported final paper file format is the Portable Document Format (PDF).

Keywords:

First keyword, second keyword, third keyword, fourth keyword

And, if you propose an extended abstract:

1 Introduction

2 Results

3 Analysis

4 Conclusion

Acknowledgements - additional information
